SOUTH TAMPA NEWS & TRIBUNE

SERVING SOUTH TAMPA AND SURROUNDING COMMUNITIES

THE PLAZA HARBOR ISLAND'S PREVIEW OPENING

It's the little things that make the difference between one property's design and another. Upon speaking with **Dean Patrinely**, chairman/managing principal, I learned that one of the major features of his newest development (one of many around the United States) is that the design offers the best views allowed from each condo

overlooking downtown Tampa or Hillsborough Bay. The preview opening included Toni Everett, whose firm represents the sales end, and the Michael Murphy Gallery Lounge, which featured various works of art for purchase. Interested in a model tour? Contact **The Toni Everett Co.** at (813) 839-5000 or call The Plaza Harbour Island Sales Center at (813) 229-6200.
